## Self-Leadership – “Accessing Personal Genius”

**Personal experience:** *“For years I had no real direction in life. I’d tried various jobs, hobbies and stuff but nothing stuck. I had no purpose and was being pushed along by circumstances, my emotions and insecurities. I felt I had no real control over my life, let alone destiny. I was unfocussed, my life felt boring... like there was ‘something missing’ – but what?”*

*I was unmotivated to learn and had zero self-esteem. I dreamt of a life of purpose, meaning and excitement! I wanted to be happy, courageous and fulfilled. I wanted to do what I wanted, when I wanted. I wanted to be free from the daily grind..... But how?*

*When I first experienced **Accessing Personal Genius** it made all of the ‘theory’ of personal and professional growth ‘come to life’. I revamped my life, started my own business and began directing my life’s course the way I wanted”*

### What is Self Leadership?

Whether leading others or just wanting to take control of your own destiny, **Self Leadership** is essential to create your future. We create everything twice; first in our mind and then in the world. The thoughts you have are creating your future every moment of every day through what you say and do. Controlling your thoughts is the first key to self-mastery. *Mastery of anything starts with mastery of Self.*

Your thoughts are constantly affecting your body because thoughts create physical and emotional ‘states’. It’s through these states you live your life; so they’re directly linked to *everything* you do and say. To make real changes we *must* start with the mind. It makes sense doesn’t it? But not at a superficial level of just ‘positive thinking,’ we must go to the higher frames of mind to find the ‘magic.’ This course will not only tell you how to do this, you’ll actually be doing it from day one!

### Outcomes

- The ability to focus all of your attention and energy
- The ability to step in and out of ‘the Zone’ at will
- A sense of being *fully* in control of your mind, emotions and behaviour
- A strong sense of self acceptance and appreciation
- The ego-strength to face challenges – and even relish them
- The Resilience to take life’s ups and downs and bounce back even stronger
- The ability to take effective action on what you know; to implement your dreams!

***Are you ready to unlock Your Potential and perform at a higher level?***

The reason you gain so much from this course is because it goes to the very foundation of *everything* you do professionally and personally; giving you effective methods for managing your thinking and emotions. This is the 'magic' of Neuro-Semantics and it can be applied *anywhere* you need to perform better.
